Feeling

PÜR SPAS

www.feelingspas.com/en_gb

FIRST COMES EMOTION AND THEN COMES FEELING

The emotion of your personal spa paradise will be absorbed by a ***Feeling*** like you've never known. The ***Feeling*** calls your name. It combines styling, comfort, ambience, serviceability and exceptional massage all in one truly portable and affordable spa. As its name suggests, the ***Feeling*** will trigger your emotions and command your attention. It's sleek, modern design not only exudes practical features, but it also blusters with features like a back lit, cascading waterfall, external LED sconce lighting, hand recesses for easy portability and 100% accessibility to the plumbing and equipment With unequaled comfort, ambience and practicality, the ***Feeling*** delivers a truly gratifying spa ownership experience.

The layout of the ***Feeling*** follows a traditional pattern with added versatility. You can relax in either of the two opposing lounge chairs or you can stretch your legs out and lay back in the full length lounge chair. The lounge chair also enables you to swing your legs around, sit up and enjoy a family conversation. The ***Feeling*** also contains a step in / cool down seat for easier and safer entering and exiting to and from the spa. This step also doubles as a cool down seat. If total emersion in the water makes you feel a bit overheated, sit on the cool down seat and enjoy the hot water comfort under your terms.

The Feeling needs no special site preparation*, can be set on any solid level surface, and the bottom of the spa is totally protected. The ***Feeling*** spa is very portable as it weighs approximately 159 kg. dry weight, and it has built in hand recesses for easy lifting and handling. It can easily be transported in the back of most pick-up trucks, on a small trailer or in a moving truck so you don't ever have to worry about leaving your spa behind again. If you are looking for simplicity, comfort, quality, portability and affordability, ***we can provide the best feeling!***

Because the sense of touch can transmit positive vibrations and pleasant feelings, we added elevated protrusions to the armrests of the "Feel It" Station seat.

Not only will you enjoy your hydro therapy massage, but you'll also experience a pleasant feeling in the palms of your hands as you rub them back and forth over the massage area.

MADE IN Canada
